Summary

Hello! My name is Ayushman. I've learned and worked with React, Node JS (Express), Sequelize, CSS, Frontend Libraries, JavaScript (OOP, DSA), SQL, MongoDB, AWS, Heroku, Redux, Git, Jest, REST, GraphQL, Servers, APIs, Google Firebase, Operating Systems and Networks. My ambition is to become a successful JavaScript Software Engineer and I'm also pursuing a Bachelor's degree in Computer Science Engineering. I've worked on a variety of projects, both frontend and backend, and I'm also preparing for the AWS Certified Developer - Associate certification. I love to practice JS Coding challenges on Codewars & also listening to music. I always try to find solution of every problem by putting any amount of efforts it requires
